

Dear Board of Trustees,

My name is [REDACTED] and I am a Beaumont Middle College High School Senior. I need an additional course in order to complete my Associates degree. For me to do it, requires that I am a full-time college student. My parents and I understand that I will need to pay for all courses, curriculum, and other college fees in order to do this. As a student I understand the amount of work I will need to do per class and I am fully ready to take the challenge needed to prepare myself as a full-time student at a college.

Please grant me the opportunity by approval request.
